Subject:	PLEASE DO YOUR OWN RESEARCH
Date:	Wednesday, February 20, 2019 6:51:45 AM

Please do your own research into how harmful the smart meters can be.

1. **How many people have become sick.**

2. **How many have died.**

3. **How many fires have been caused by the smart meters.**

If you care anything about your own health and well being **you will find out the truth of how dangerous the smart meters can be.**

Why take this chance with your life as well as ours?

Please, please DO NOT let the smart meters be installed in Washington State.

Respectfully,
Jack and Phyllis Scott
Colville, Washington
