RE: Actual Results for the Quarter Ended December 31, 2022

In compliance with WAC 480-100-275, PacifiCorp dba Pacific Power & Light Company (PacifiCorp or Company) submits for filing the actual results for Washington operations for the quarter ended December 31, 2022. These results are based on unadjusted data and do not reflect normalized results or other standard ratemaking adjustments. The quarterly results of operations were determined using the Washington Inter-Jurisdictional Allocation Methodology. In Docket UE-220758, Order 01, the Company was granted a 30-day extension of time to file these reports changing the due date from 60 to 90 days following the end of each quarter through the quarter ending October 1, 2027.

In compliance with Order 15 in Docket UE-152253, included with this report is a quarterly report of the decoupling deferral amounts through February 28, 2023. Please also refer to the tab labeled, "CSSvRVN" for the Company's Average Customer Count and kWh data for its Washington jurisdiction.

Please direct questions to Ariel Son, Regulatory Affairs Manager, at (503) 813-5410.

Sincerely,

/s/
