Kurt,

Greg Hale sent me the notice from Cedar Grove about rate increases to become effective February 1, 2023.

Sound Disposal, Inc.'s rates are regulated by the Washington Utilities and Transportation Commission (WUTC). Sound Disposal, Inc. cannot raise its customer rates without approval from WUTC.

RCW 81.28.050 requires solid waste collection companies to provide notice to the WUTC and the public notice of a rate increase forty-five days before the effective date.

RCW 70A.205.160 requires the owner or operator of a disposal facility to provide seventy-five days' notice to a solid waste collection company of any change in tipping fees and disposal rate schedules.

The notice below does not provide Sound Disposal, Inc. an opportunity to increase its rates within the provided time frame of Washington State Statutes.

The time frame for this proposed rate increase needs to be revised in compliance with Washington State Laws.

Please let me know if you have any questions.

Thank you.
