BACKGROUND

1 This matter comes before the Washington Utilities and Transportation Commission (Commission) for approval of a negotiated a first amended agreement (Amended Agreement) under the Telecommunications Act of 1996 (Telecom Act). The Amended Agreement is between Pass Word, Inc., (Pass Word), and Qwest Corporation (Qwest). The Commission approved an interconnection agreement for Type 1 and Type 2 paging connection between the parties on October 25, 2000. The Commission ordered that in the event the parties amended their agreement, the amended agreement would be deemed a new agreement under the Telecom Act and must be submitted to the Commission for approval. The parties filed a joint request for approval of a first amendment on June 27, 2001.

MEMORANDUM

2 The Amended Agreement between Pass Word and Qwest was brought before the Commission at its regularly scheduled open public meeting held on July 25, 2001, at its offices in Olympia, Washington. The Commission granted its approval of the Amended Agreement as negotiated and requested by the parties.

FINDINGS OF FACT

3 The Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts, securities, and transfer of public service companies, including telecommunications companies.

4 Section 252(e)(1) of the Telecom Act requires parties to a negotiated agreement to submit the agreement to the Commission for approval. Section 252(e)(2)(A) states that the Commission may only reject an agreement (or any portion thereof) adopted by negotiation if it finds that:

- (i) the agreement (or any portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (ii) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

5 Qwest is engaged in the business of furnishing telecommunications services, including, but not limited to, basic local exchange service within the state of Washington.

6 Pass Word is licensed to provide paging services by the Federal Communications Commission.

7 The Commission approved an interconnection agreement for Type 1 and Type 2 paging connection between the parties on October 25, 2000. The Commission ordered that in the event the parties amended their agreement, the amended agreement would be deemed a new agreement under the Telecom Act and must be submitted to the Commission for approval.

8 On June 27, 2001, the parties filed with the Commission a joint request for approval of a first amendment to the previously approved interconnection agreement for paging connection, pursuant to the Telecom Act.

9 Pass Word and Qwest voluntarily negotiated the entire amendment.

10 The Amended Agreement does not discriminate against any other telecommunications carrier.

11 The Amended Agreement will facilitate local exchange competition in the state of Washington.

12 The Commission has jurisdiction over the subject matter and all parties to this proceeding.

13 The Amended Agreement is consistent with the public interest, convenience, and necessity.

14 The Amended Agreement meets the requirements of Sections 251 and 252 of the Telecom Act, including Section 252(e).

Agreement is subject to the jurisdiction of the Commission and the courts of Washington state.
