1 On November 27, 2001, Meadows Water System, LLC filed with the Commission certain tariff revisions designed to effect a general rate increase in its rates for water services in this state. It is indicated that the total effect of such tariff revisions is an increase of approximately \$58,000 (23%) annually. The operation of such tariff revisions has been suspended by order of the Commission pending hearing or hearings concerning such changes and the justness and reasonableness thereof.

2 Hearing in this matter is being held pursuant to Part IV of chapter 34.05 RCW pertaining to adjudicative proceedings, including but not limited to RCW 34.05.413, RCW 34.05.440, RCW 34.05.449, RCW 34.05.452, and RCW 80.04.130. Statutes involved, in addition to those previously cited, include those within chapter 80.04.RCW and chapter 80.28 RCW relating to rates, including but not limited to RCW 80.01.040, RCW 80.04.250, RCW 80.28.010, RCW 80.28.020, RCW 80.28.030, RCW 80.28.040, and RCW 80.28.100. Rules involved include those within chapter 480-09 WAC and chapter 480-110 WAC. The ultimate issues involved are whether the tariff revisions to increase the amount collected is just and reasonable, whether existing rates are fair, just, and reasonable, and whether the purity, volume, and pressure of water supplied is sufficient, pure, or adequate. The issue as to the justness and reasonableness of the rates includes consideration of alternative rate design or structure. Included within the consideration of alternative rate design is the validity and continuity of any water service provided under contract. In accordance with the provisions of RCW 80.04.130 the burden of proof to show that the increase is just and reasonable will be upon the respondent.
