In the Matter of the Application and Petition of) [OOCKET UT-011653
Budget Phone, Inc.,)	
For Registration as a Telecommunications Company and Classification as a Competitive Telecommunications Company.) R) P	PRDER AUTHORIZING LEGISTRATION AND GRANTING ETITION FOR COMPETITIVE LASSIFICATION

BACKGROUND

By petition filed December 13, 2001, in Docket UT-011653, Budget Phone, Inc. (Budget), seeks registration as a telecommunications company and classification as a competitive telecommunications company pursuant to RCW 80.36.350 and RCW 80.36.320. Budget has also submitted an initial price list and petition requesting a waiver of the bond/trust requirement in WAC 480-120-058, Protection of Customer Prepayments. Budget requested an extension of time from the Commission by letter dated January 2, 2002, to finalize its application and petition.

DISCUSSION

- Budget proposes to register with the Commission as a telecommunications company to offer the services specified in Exhibit A of its application, and will collect prepayments from customers of those services. Services specified in Exhibit A but not included in its initial price list may not be offered until applicant amends its price list to include the description of service with rates and charges. In support of its petition, Budget asserts that its services compete with other interexchange and local exchange carriers' telecommunications services. Budget states that customers have readily available, equivalent alternatives and that there are no captive customers of the Company's services.
- Budget is a Louisiana corporation, headquartered in Shreveport, Louisiana, and is owned by numerous individuals. Rates, terms, and conditions set forth in the proposed price list are structured similarly to rates filed by other interexchange and local exchange carriers for calls placed in the relevant market.
- Budget has provided information showing that it meets the requirements of RCW 80.36.350.
- Budget requested a waiver of the bond/trust requirements in WAC 480-120-058, Protection of Customer Prepayments.

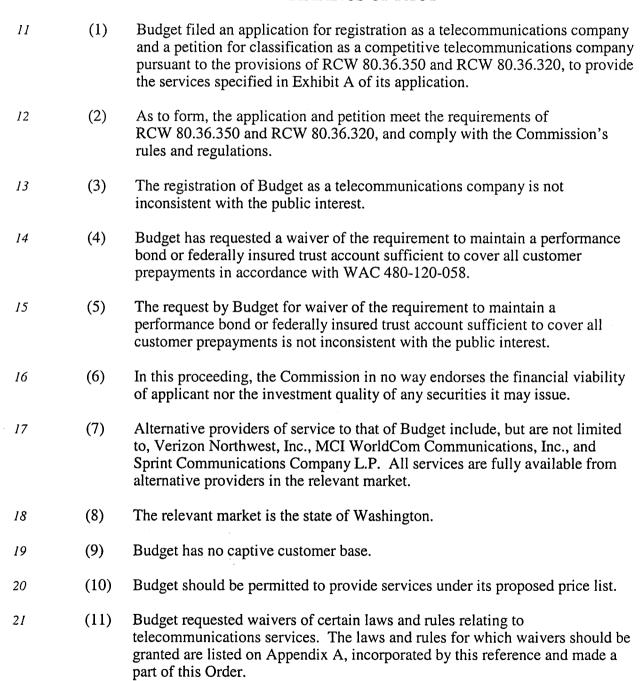

- Budget shall state an unconditional, money-back guarantee on the prepaid calling services or in supplemental materials provided at the time the prepaid calling service is purchased. If Budget ceases its operations, it must provide refund information to its customers through the company's toll-free phone number for a minimum of six months after ceasing operations.
- 7 Applicant does not propose to collect deposits from customers.
- 8 In conjunction with classification, the Company is seeking waiver of:

- Rules invoked include WAC 480-121-061, WAC 480-121-062, WAC 480-121-063, WAC 480-121-064, and WAC 480-120-058. Statutes invoked include RCW 80.36.320, and RCW 80.36.350. The ultimate issues are whether Budget should be registered as a telecommunications company, whether it should be classified as a competitive telecommunications company, whether its proposed price list should be approved, and the extent to which it should be relieved of regulatory requirements to which it would otherwise be subject.
- This matter was brought before the Commission at its regularly scheduled open meeting on May 8, 2002. The Commissioners, having determined the following order

to be consistent with the public interest, directed the Secretary to enter the following order and related provisions.

FINDINGS OF FACT

CONCLUSIONS OF LAW

- The Washington Utilities and Transportation Commission has jurisdiction over the subject matter of this registration application and classification petition and Budget.
- 23 (2) The services offered are subject to effective competition.
- 24 (3) Budget should be registered as a telecommunications company pursuant to RCW 80.36.350, and classified as a competitive telecommunications company pursuant to RCW 80.36.320(1).
- Budget should be permitted to provide services under price lists promulgated under RCW 80.36.320 (2). These services shall not include collecting deposits from customers.
- 26 (5) Budget should be granted waivers of the laws and rules listed in Appendix A.
- The request by Budget for waiver of the requirement to maintain a performance bond or federally insured trust account sufficient to cover all customer prepayments is not inconsistent with the public interest and should therefore be granted.

In the event of a price list reduction or of a change in terms and conditions that do not have rate impact, personal notice to customers is not required. To comply with the statutory notice requirement, Budget Phone, Inc., may publish notice of price reductions or changes in terms and conditions of service that do not have rate impact by a display advertisement in such newspaper(s) as are geographically situated to be circulated over the Company's service area.
- Budget Phone, Inc., must comply, as specified, with the requirements of WAC 480-120-141, Operator service providers rule.
