Subject Interim signal BNSF / SR 202 @ 127th Place Woodinville

Kathy

As per our discussions, the City of Woodinville will be installing interim signals at the above location.

The traffic signal and the railway signal and gates will be interconnected.

The crossing will change to 3 lanes. There will be a SB right hand turn lane on SR202 onto Woodinville Drive. This will start at 128th Place.
