**BACKGROUND**

- 1 On March 30, 2006, in this docket, Avista Corporation (Avista or Company) filed testimony, exhibits and supporting documentation relating to power costs deferred under the Energy Recovery Mechanism (ERM) for calendar year 2005.
  
- 2 Under the Settlement Stipulation approved by the Commission in its Fifth Supplemental Order in Docket No. UE-011595 (June 18, 2002), Avista is required to make a filing by April 1 of each year regarding the power costs it deferred the prior calendar year under the ERM. *Settlement Stipulation in Docket No. UE-011595 at 6-7, ¶ 4.b.*
  
- 3 The Company’s April 1 filings are intended to be sufficient to provide the Commission and interested parties an opportunity to review the prudence of, and audit, the ERM deferrals for the year in question. *Id.* A 90-day review period is contemplated, though that period can be extended. *Id.* In this docket, the 90-day review period was from April 1, 2006 to June 30, 2006.
  
- 4 The first ERM annual review covered the period July 1, 2002, through December 31, 2002,<sup>1</sup> and resulted in a Commission Order approving a settlement of the issues presented. *WUTC v. Avista Corp., Docket No. UE-030751, Order Approving and Adopting Settlement Stipulation (Order No. 5, February 3, 2004).* Among other things, the Settlement Stipulation in Docket UE-030751 identified specific documentation the Company would file in ERM annual review proceedings. *See Settlement Stipulation in Docket No. UE-030751 at 6-7, ¶ III.C.*
  
- 5 Staff has conducted a review of the Company’s ERM annual review filing in this Docket, and is satisfied that the Company provided adequate documentation of its ERM power

<sup>1</sup> The review period was less than one year because the ERM did not begin until July 1, 2002.

cost deferrals for the calendar year 2005 period. Staff paid particular attention to the December 2005 period, a single period that resulted in the majority of the 2005 ERM power cost deferrals. The Company has provided adequate information justifying the expenses associated with this period. Staff has not identified any other issues to bring to the Commission's attention relating to the power costs deferred during the calendar year 2005 review period. Accordingly, Staff recommends this docket be closed.

6 No other persons or parties filed comments with the Commission within the 90-day review period. Nor has any person or party asked the Commission to extend that review period.
