Dear Sirs:

This filing is submitted by: Mason County Garbage Co., Inc, Certificated Number G-88.

Attached please find revised pages for Tariff Number 13 for Mason County Garbage Co., Inc. G-88.

With Ordinance 147-8, the Board of County Commissioners in Mason County has recently amended its Minimum Level of Service ordinance to include Residential Recycling Collection in the urban and rural areas of Mason County. The Company Plan for this Single-Stream Program has been approved by the County Commissioners. Currently, Ordinance 147-8 is being revised to correct some technical omissions. A letter from the County Commissioners outlining the changes is attached. The Amended Ordinance will be forwarded to the Commission prior to any adoption of the attached tariff.

The current Pilot Program servicing approximately 385 customers will stop July 31, 2009. If approved by the Commission the Single-Stream Recycling Program will start August 1, 2009 with the implementation of revised rates and service level.

As required by Commission rules, a copy of this transmittal letter will be mailed to the County Council. We will be mailing customer notices to all residential customers on or before July 1, 2009.

Also attached are the proposed tariff pages and supporting documentation, on the new curbside recycling program.
