Re: Shuttle Express Inc. C-975, tariff #6

Shuttle Express is submitting revisions to our tariff #6. The changes are housekeeping in nature. They are:

- Several Hotels have name changes.
- A few additional Hotels have been added to our service.
- All scheduled services will be operated as "Flag stops".
- Discounted rates for scheduled service will now be offered for our Rider Rewards program. This is a promotional fare to run annually until we discontinue. The decrease in revenue should be offset by additional volume and give us better efficiency.
- Four stops will receive increases resulting in a minor increase and is to match the distance traveled with the fare.

Again, these changes are all mostly revenue neutral and are either housecleaning or causing operational efficiencies.
