RE: UE-100802, Affiliated Interest Filing for PacifiCorp

Dear Mr. Danner:

Pursuant to the provisions of RCW 80.16.020 and WAC 480-100-245, PacifiCorp, d.b.a. Pacific Power (PacifiCorp or Company), files one verified copy of the modified Non-exclusive Pipeline Easement Agreement (Easement) to be executed between PacifiCorp and Huntington Cleveland Irrigation Company (HCIC). HCIC is an affiliate of PacifiCorp pursuant to RCW 80.16.010.

PacifiCorp originally filed the Easement with the Washington Utilities and Transportation Commission (Commission) on May 11, 2010. The Company now provides the modified Easement, which corrects the contact information in the header on the first page and will contain an updated signature for PacifiCorp. All other terms and conditions of the Easement remain the same as those filed on May 11, 2010. Additionally, the Easement has not yet been granted. The Company is providing the modified Easement to provide notice of the new effective date, which will be upon signing by both parties.

Included with this filing as Attachment A is a copy of the Non-Exclusive Pipeline Easement Agreement. Also included with this filing is a notarized verification from Natalie Hocken, Vice President and General Counsel, Pacific Power, regarding the Easement.

Please direct any informal inquiries to Jon Christensen, Regulatory Manager, at (503) 813-5269.

Sincerely,

Andrea L. Kelly
Vice President, Regulation

**WASHINGTON AFFILIATED INTEREST FILING
NON-EXCLUSIVE PIPELINE EASEMENT AGREEMENT**

WHEN RECORDED, RETURN TO:
PacifiCorp, an Oregon Corporation
Property Management Department
1407 West North Temple, Suite 110
Salt Lake City, Utah 84116
Attn: Brian Young

NON-EXCLUSIVE PIPELINE EASEMENT AGREEMENT

PacifiCorp, an Oregon Corporation, whose address is 1407 West North Temple, Salt Lake City, Utah 84116, (“Grantor”) for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, hereby grants to Huntington Cleveland Irrigation Company, a non-profit mutual irrigation company organized under the laws of the State of Utah (“Grantee”) a perpetual non-exclusive easement and right of way (“Easement”) over and across certain parcels of real property owned by Grantor (“Grantor’s Land”) located in Emery County, Utah, more particularly described in **Exhibit “A”** hereto, for the sole purpose of constructing, operating, maintaining, repairing, inspecting and replacing a single pressurized irrigation pipeline and related facilities (the “Pipeline”) subject to the terms and conditions set forth below, over and through Grantor’s Land, said easement lying within a strip thirty (30) feet wide and extending fifteen (15) feet on each side of and lying parallel and adjacent to the lines of reference and projections thereof described more particularly in **Exhibit “B”**, hereto.

1. Grantee’s Use.

a. Grantee shall have a non-exclusive right to install, operate, inspect repair, replace, and maintain the Pipeline. During construction periods, not to exceed three (3) years from the date of this Easement, Grantee and its agents may use thirty-five (35) additional feet of Grantor’s property along and adjacent to said Easement in connection with the construction of said facilities.

b. Grantee will not store materials or refuel vehicles or equipment on Grantor’s Land. The use of hazardous materials is prohibited on Grantor’s Land.

c. Grantee acknowledges that Grantor’s existing or future power lines are or may be located within the Easement boundaries and agrees to conduct its activities in strict compliance with all applicable laws, codes, rules, regulations, and standards regarding such power lines. Grantee’s use of Grantor’s Land shall comply in all respects with National Electric Safety Code, and OSHA clearance standards. Grantee shall not make or allow any use of Grantor’s Land that is inconsistent with or that may interfere with Grantor’s operation, maintenance, repair, or upgrade of its existing power line facilities and installations or any additional power line facilities or installations that may be constructed hereafter.

d. At no time shall Grantee place, use or permit to be used on said Easement construction cranes or other equipment having a boom or similar attachment which may

come in contact with Grantor's overhead electric lines. At no time shall Grantee place any equipment or material of any kind that exceeds fifteen (15) feet in height, or that creates a material risk of endangering Grantor's facilities, or that may pose a risk to human safety. Grantee shall maintain a minimum distance of twenty (20) feet between equipment and transmission line conductors (wires).

e. Grantee will not excavate within fifty (50) feet of Grantor's existing transmission structures. Grantee shall maintain a minimum distance of fifty (50) feet between the Pipeline and Grantor's structure(s) and transmission line conductors (wires). Grantee shall maintain a minimum distance of thirty-five (35) feet from finished grade to conductors. Grantee shall maintain a minimum distance of fifty (50) feet between approved facilities and the point where the transmission line (steel/wood pole/guy anchor/steel pole) enters the earth.

f. Grantee shall, at its own expense, promptly repair any damage to the Easement area or adjacent lands to Grantor's satisfaction caused by, or in any way arising out of, Grantee's use of the Easement, including replacing topsoil to the original surface contour or elevation. Grantee agrees to repair any surface damages due to erosion or settling that may occur due to natural precipitation events within the easement area. This commitment shall be for a period of ten (10) years or until native vegetation is established through natural processes. If Grantee fails to do so within a reasonable amount of time, Grantor may perform the restoration work at Grantee's expense.

g. This Easement is limited to the construction of the identified Pipeline along the route described herein. Grantee may not install laterals, taps, or subfeeds from the Pipeline without a separate grant of easement from Grantor.

h. Grantee shall be solely responsible for the cost of any cathodic or other protection of the Pipeline necessitated by its proximity to Grantor's existing or future electric power lines.

i. Grantor's maintenance and future construction of additional power lines and other facilities require the use and operation of equipment weighing twenty thousand (20,000) pounds per axle (including wire pullers and similar equipment weighing in excess of one hundred thousand (100,000) pounds and cranes weighing one hundred thirty thousand (130,000) pounds above and over the Pipeline. Grantee shall bury the Pipeline to a depth that is sufficient to protect the Pipeline from Grantor's use of equipment with weights identified above. Grantee shall be solely responsible for any damage to Grantor's facilities caused any failure to meet this standard.

j. Grantee shall fully restore and level the surface of Grantor's Land, as nearly as can reasonably be done, from any damage caused by construction, inspection, maintenance, repairs or removal of the Pipeline. If Grantee fails to do so within a reasonable amount of time, Grantor may perform the restoration work at Grantee's expense.

2. Right of Access. Grantee shall have the right of reasonable ingress and egress to and from said Easement over and across Grantor's Land at such locations as

Grantor shall, from time to time designate, provided that such access does not interfere with Grantor's utility operations.

3. Grantor's Use. Grantor expressly reserves the right to use the Easement for any purpose that is not inconsistent with the purposes for which this Easement is granted, including the right to cross and re-cross the Easement with equipment, personnel, overhead or underground power lines, and access roads at any location or locations, and to grant or convey additional uses of the Easement to others for any purpose not inconsistent with the rights granted hereunder. Grantee will provide adequate protection for the Pipeline for such uses.

4. Use of Grantor's Remaining Property. This Easement shall impose no restrictions upon Grantor's use of Grantor's Land outside the Easement ("Grantor's Remaining Property.") Any uses of Grantor's Remaining Property, including but not limited to uses for electricity generation, transmission or other utility purposes, shall not be deemed to interfere with Grantee's uses under this Easement. Any use by Grantee of Grantor's Remaining Property shall be strictly limited to access as provided in this Easement. This Easement confers no secondary rights upon Grantee with respect to Grantor's Remaining Property.

5. Relocation. In the event the Pipeline interferes with Grantor's use of the Easement or Grantor's Land, Grantee shall relocate the pipeline to a location mutually agreeable to Grantor and Grantee, all at Grantee's sole cost and expense. Such relocation shall be completed within a reasonable time after notice by Grantor.

6. Indemnification. Grantee shall protect, indemnify and hold harmless Grantor, its officers, directors, employees, subsidiaries and affiliates (collectively "Indemnitees") from and against any losses, claims, liens, demands and causes of action of every kind, including the amount of any judgment, penalty, interest, court cost or legal fee incurred by the Indemnitees or any of them in the defense of same, arising in favor of any party, including governmental agencies or bodies, on account of taxes, claims, liens, debts, personal injuries, death or damages to property, violations of Environmental Laws and Regulations, and all other claims or demands of every character arising directly or indirectly out of Grantee's use of or activities on or around Grantor's Land, except to the extent such losses, claims, liens, demands and causes of action are directly or indirectly caused by the Indemnitees. For purposes of this agreement, "Environmental Laws and Regulations" shall mean all present and future federal, state and local laws and all rules and regulations promulgated thereunder, relating to pollution or protection of the environment.

6. Damages. In addition to the general indemnification provisions above, Grantee agrees that if Grantee or its activities under this Easement cause any damage to Grantor's utility equipment or facilities, whether above or below ground, Grantee will reimburse Grantor for all costs incurred by Grantor to repair or replace such damaged equipment or facilities and all loss of income suffered by Grantor as a result of such damage. As used in this Easement, any reference to Grantor's equipment or facilities shall include any equipment or facilities owned by third parties that are lawfully located on the Grantor's Land, whether by easement, license, lease, or otherwise.

7. Abandonment. If Grantee ceases to use the Easement for a period of one year, this Easement shall terminate thirty (30) days thereafter. Upon termination Grantee shall remove its Pipeline and restore the land as near as possible to its condition prior to Grantee's entry thereon; or, with Grantor's prior written permission, leave all or a portion of its Pipeline in place and relinquish all right, title, and interest to the Pipeline to Grantor. In the event Grantee should leave its Pipeline in place, Grantee shall nevertheless continue to indemnify Grantor as provided in paragraph 6.

8. Taxes and Assessments. Grantee shall pay all taxes and assessments of any kind which shall be levied against the Easement by reason of Grantee's use or occupancy thereof, except those being contested in good faith, and shall keep the Easement free from any liens that may attach thereto by reason of Grantee's use or occupancy thereof.

9. Litigation Expense. If any suit or action arising out of or related to this Easement is brought by any party, the prevailing party or parties shall be entitled to recover the costs and fees (including, without limitation, reasonable attorneys' fees, the fees and costs of experts and consultants, copying, courier and telecommunication costs, and deposition costs and all other costs of discovery) incurred by such party or parties in such suit or action, including, without limitation, any post-trial or appellate proceeding, or in the collection or enforcement of any judgment or award entered or made in such suit or action.

IN WITNESS WHEREOF, this Easement shall be dated and effective upon the date of the last signature below:
