RE: Fiorito Enterprises, Inc. & Rabanco Companies (dba Kent-Meridian Disposal, Allied Waste of Kent) Revenue Sharing Arrangement; Docket No. TG-090737; Request for Extension of Time for Expiration of Current Deferred Commodity Credit Rates

Dear Mr. Danner,

On May 17th, 2010, Kent-Meridian Disposal filed revised tariff pages reflecting a change to commodity credits for residential customers with an effective date of July 1, 2010. However, in order to ensure adequate time to develop and certify a comprehensive revenue sharing plan under RCW 81.77.185 with King County at the new 50% level approved via HB-2539, we would respectfully request that the current filing, TG-100857, be withdrawn.

Again, while we work to finalize the 50% retention plan we would ask that our request for a continuation of our current deferred commodity credit rates, approved on docket TG-090737, beyond the current June 30, 2010 expiration to a new expiration date of July 31, 2010, or a later date if necessary, be granted.

Forty-five days prior to that date we hope to submit a revenue sharing plan certified by King County as well as revised tariff pages and work papers. As noted in the attached letter, King County supports the extension of this deadline accordingly.

Sincerely,

Alex Brenner
