  - a. Total Interruptible Delivery Charge - the sum of i., ii. and iii. below:
    - i. Interruptible Delivery Charge -

10.809¢	Per month per therm for first 25,000 therms	(l)
5.541¢	Per month per therm for next 25,000 therms	
5.318¢	Per month per therm for all over 50,000 therms	
    - ii. Gas Procurement Charge - 0.696¢ per therm for all therms delivered per month. (l)
    - iii. Low Income Charge - The low income program rates shown on Schedule 129 per therm for all therms delivered per month.
  - b. Gas Cost Charge – Interruptible gas cost is: All therms per month multiplied by the sum of the rates in ¢ per therm as shown on Supplemental Schedule No. 101 (Sheet No. 1101) and Supplemental Schedule No. 106.

PUGET SOUND ENERGY  
 NATURAL GAS SCHEDULE NO. 85 (Continued)  
 Interruptible Gas Service with Firm Option

4. The total firm gas rate shall be the sum of the demand charges and commodity charge as defined below:
  - a. Delivery demand charge: \$1.28 per therm per month multiplied by the maximum daily delivery of firm use gas as set forth in the service agreement. (I)
  - b. Gas supply demand charge: a rate per therm per month as shown on Supplemental Schedule No. 101 (Sheet No. 1101-B) multiplied by the maximum daily delivery of firm use gas as set forth in the service agreement.
  - c. Commodity charge: All firm gas shall be combined with the Customer's interruptible gas and billed at the interruptible gas rates for delivery and gas costs in part 3 herein.
  
5. Annual minimum load charge: The annual minimum load charge will be charged every year on the anniversary of the effective date of service agreement with the Customer. The annual minimum load charge will be prorated for periods of less than one full year, such as when a Customer changes schedule, starts service, discontinues service, to adjust the annual minimum charge to the billing cycle that includes the anniversary of the effective date of the service agreement with the Customer, or for Curtailment days in excess of sixty days during the year.
  - a. Minimum Annual Therms for the purpose of calculating the annual charge shall be:
 

Through Oct. 31, 2010, the greater of:	Beginning Nov. 1, 2010:
(1) fifty percent of the Customer's highest monthly volume in the last twelve months multiplied by 12; or	180,000 therms
(2) 180,000 therms	
  - b. The annual minimum load charge shall be calculated as follows:
    - (1) If the actual total annual therms delivered to the Customer in the last year are less than the Minimum Annual Therms (calculated in 5.a above), the Minimum Annual Therms less the actual total annual therms delivered multiplied by the initial block of the total interruptible delivery charge (Section 7, item 3.a.) is the annual minimum load charge.
    - (2) If the actual total annual therms delivered are greater than the Minimum Annual Therms the annual minimum load charge is \$0.
  
6. The rates named herein are subject to adjustments as set forth in Schedule No. 1 and other supplemental schedules, when applicable.

Section 8: Payment of Bills

Bills are issued net, are due and payable when rendered, and become past due after fifteen days from date of bill.

Third Revision of Sheet No. 185T

PUGET SOUND ENERGY  
NATURAL GAS SCHEDULE NO. 85T  
Distribution System Transportation Service (Interruptible with Firm Option)

Section 1: Availability; Term of Agreement

1. This distribution system transportation service is available throughout the territory served by the Company to non-residential Customers outside of Kittitas County or any nonresidential Customers in Kittitas County that take no gas service at all during the months of October through March and have executed the service agreement for transportation service under this schedule and where, in the Company's opinion, its facilities are adequate to render the required service. (N)
2. This schedule is available to those nonresidential interruptible Customers whose natural gas usage or requirement meets the eligibility requirements as described in Section 2 of this schedule. (N)
3. Any increase in existing firm or interruptible contract volume is subject to the Company's determination of facilities and gas supply being adequate. (T)
4. The term of the agreement between the Company and the Customer shall be set forth in the service agreement. (T)

Section 2: Eligibility

Any Customer on another schedule that has used at least 150,000 therms in the past year or a Customer requesting a new service that is expected to use at least 150,000 therms in the initial year of service is eligible for service under this schedule. Following twelve months of service on this schedule, if a Customer who moved to or started service on this schedule has usage that is less than 150,000 therms for any 12-consecutive month period (ending with and including the current month) the Customer is no longer eligible for service under this schedule. The Company shall move Customers that are not eligible for service on this schedule to Schedule No. 86T unless the Customer is eligible for and has requested service under another schedule within 15 days of receiving notice of their ineligibility. Provided, however, that the Company shall not cause Customers taking service under this schedule as of the effective date of this annual minimum eligibility requirement to change schedule, regardless of their usage.

Section 3: Terms of Service

Service under this schedule is subject the provisions of this Schedule and to Rule 29, Terms of Distribution System Transportation Service.

Section 4: Rates and Charges

1. For purposes of this rate, the measurement of service shall be expressed in therms, each equivalent to 100,000 British thermal units.
2. Basic charge per month: \$920.92 (I)
3. The total transportation service commodity charge (for all therms delivered) is the sum of a. and b. below:
  - a. Transportation Service Commodity Charge -
    - 10.809¢ Per month per therm for first 25,000 therms (I)
    - 5.541¢ Per month per therm for next 25,000 therms (K)
    - 5.318¢ Per month per therm for all over 50,000 therms (I)

PUGET SOUND ENERGY  
NATURAL GAS SCHEDULE NO. 85T  
Distribution System Transportation Service (Interruptible with Firm Option)  
(Continued)

Section 5: Adjustments

Rates in this schedule are subject to conditions and adjustments as set forth in Schedule No. 1 and to adjustment by Supplemental Schedule Nos. 112, 119, 129 and 132 in this tariff or other adjusting and supplemental schedules, when applicable.

(M)(T)

-----  
(M)

Section 6: Definitions: Required Volumes

(T)

1. Firm use gas. Firm use gas shall be that mutually determined hourly and daily contracted volume of gas set forth in the service agreement, which the Company will deliver to Customer at all times through the interruptible gas metering facilities, including periods of required Curtailment of interruptible gas, except as provided for in Section 7 of this Schedule. If firm use gas is contracted for, the daily contracted volume shall not be less than two therms per day. The hourly rate of delivery of firm use gas shall not be greater than 1/18th of the firm use per day contracted for or 1/9th of contracted firm use for those Customers whose operation is limited to twelve hours per day. Monthly firm use gas shall be the daily contracted volume times the number of days in the billing cycle.
2. Interruptible gas. Interruptible gas shall be all gas used in excess of firm use gas as defined above. The daily contracted volume of interruptible gas shall not be less than 1,000 therms per day.

Section 7: Alternate Fuel Capability

(T)

The Customer may provide and maintain standby facilities of sufficient capacity and a reserve of substitute fuel in sufficient amount to continue operations with a substitute fuel or energy in the event of required partial or total Curtailment of the interruptible supply. If the Customer chooses to not maintain standby facilities and must curtail or suspend operations because of a required partial or total Curtailment of interruptible gas supply, Customer agrees and acknowledges that such curtailment of operations results solely from its election not to install and maintain standby facilities and fuel and does not in any way constitute a breach of contract on the part of the Company.

NATURAL GAS SCHEDULE NO. 86  
Limited Interruptible Gas Service with Firm Option (Optional)

Section 1: Availability; Term of Agreement

1. This rate schedule is available in the service area of the Company to any nonresidential Customer outside of Kittitas County or nonresidential Customers in Kittitas County that take no gas service at all during the months of October through March, where the Customer and the Company have executed a service agreement for interruptible gas service to:
  - a. Steam and hot water boilers; or
  - b. Gas engines or gas turbines; or
  - c. Student-occupied building(s) of a school district; or
  - d. Student-occupied building(s) of a school that is educational in nature and operates on any graded level between the first and twelfth grades inclusive; or
  - e. Student-occupied building(s) of an accredited educational school or college of higher education; or
  - f. Customers that the Company has removed from Schedule No. 85 due to ineligibility for Schedule No. 85.

(T)  
(N)  
(N)

and where, in the Company's opinion, its facilities and gas supply are adequate to render the required service; provided, however, that interruptible gas service shall not be available to essential agricultural users who, in accordance with Section 401 of the Natural Gas Policy Act of 1978, have requested higher priority of service than that afforded by this rate schedule.

2. This schedule is available to those interruptible Customers whose current or anticipated requirement is at least 10,000 therms per year.
3. Any increase in existing firm or interruptible contract volume is subject to the Company's determination of facilities and gas supply being adequate.
4. The term of the agreement between the Company and the Customer shall be set forth in the service agreement.

Section 2: General Rules and Regulations

Service under this schedule is subject to the rules and regulations contained in the Company's tariff and to those prescribed by the Washington Utilities and Transportation Commission and as they may from time to time be legally amended or superseded.

PUGET SOUND ENERGY  
NATURAL GAS SCHEDULE NO. 87T  
Distribution System Transportation Service (Non-Exclusive Interruptible with Firm Option)

Section 1: Availability

1. This distribution system transportation service is available throughout the territory served by the Company to any nonresidential Customers outside of Kittitas County or nonresidential Customers in Kittitas County that take no gas service at all during the months of October through March and have executed the service agreement for transportation service under this schedule and where, in the Company's opinion, its facilities are adequate to render the required service.
2. This schedule is limited to those interruptible Customers whose current or anticipated requirement is in excess of 1,000,000 therms per year.
3. Any increase in existing firm or interruptible contract volume is subject to the Company's determination of facilities and gas supply being adequate.
4. The term of the agreement between the Company and the Customer shall be set forth in the service agreement. For purpose of the annual contract volume, the contract year shall be the twelve-month period starting with the billing cycle that includes the effective date of the service agreement with the Customer.

Section 2: Terms of Service

Service under this schedule is subject to Rule 29, Terms of Distribution System Transportation Service

Section 3: Rates and Charges

1. For purposes of this rate, the measurement of service shall be expressed in therms, each equivalent to 100,000 British thermal units.
2. Basic charge per month: \$1,003.70 (I)
3. The total firm gas rate shall be the sum of the demand charges and commodity charges as defined below:
  - a. Transportation firm contract delivery demand charge: \$1.28 per therm of daily contract demand per billing period. (I)
  - b. Commodity charge: All firm gas shall be combined with the Customer's interruptible gas and billed at the interruptible gas rates for delivery in part 4 below.

PUGET SOUND ENERGY  
NATURAL GAS SCHEDULE NO. 87T  
Distribution System Transportation Service (Non-Exclusive Interruptible with Firm Option)  
(Continued)

4. The total transportation service commodity charge (for all therms delivered) is the sum of a. and b. below:

a. Transportation Service

Commodity Charge -

15.905¢	Per month per therm for first 25,000 therms
9.710¢	Per month per therm for next 25,000 therms
6.270¢	Per month per therm for next 50,000 therms
4.110¢	Per month per therm for next 100,000 therms
3.027¢	Per month per therm for next 300,000 therms
2.392¢	Per month per therm for all over 500,000 therms

(l)  
-  
-  
-  
-  
-  
(l)

b. Low Income Charge – The low income program rates shown on Schedule 129 per therm for all therms delivered per month.

5. Balancing service charge of 0.070¢ per therm for all therms delivered, for the allocated cost of storage facilities included in the sales portfolio (which shall be credited to FERC Account 191 monthly).

6. Transportation costs as set forth in the service agreement will be billed to the Customer's account.

7. Annual minimum load charge: The annual minimum load charge will be charged every year on the anniversary of the effective date of the service agreement with the Customer. The annual minimum load charge will be prorated for periods of less than one full year, such as when a Customer changes schedule, starts service, discontinues service, to adjust the annual minimum load charge to the billing cycle that includes the anniversary of the effective date of the service agreement with the Customer, or for Curtailment days in excess of sixty days during the year.

The annual minimum load charge shall apply when the actual total interruptible therms delivered to the Customer in the last year are less than the annual contract volume. The deficiency volume shall be the greater of zero or the actual total interruptible therms delivered subtracted from the annual contract volume. The amount of the annual minimum load charge shall be equal to the deficiency volume multiplied by the contract volume charge rate which is equal to the tailblock of the total transportation service commodity charge, per therm, identified in item 4. above.

Original Sheet No. 1139

PUGET SOUND ENERGY  
NATURAL GAS SUPPLEMENTAL SCHEDULE NO. 139  
Gas Conservation Savings Adjustment Rate

(N)

Section 1: Applicability

This Conservation Savings Adjustment ("CSA") rate is applicable to sales Customers served under Schedule Nos. 23, 31, 41, 53, 85, 86 and 87.

Section 2: Purpose

This schedule recovers costs that would otherwise go unrecovered by the Company as a result of the services provided under Gas Conservation Service Schedules numbered between 200 and 299.

Section 3: Definitions

1. Annual Conservation Report – The Company's annual report on conservation results, filed on or before February 15 of each year in accordance with the Commission's order in Docket No. UE-970686.
2. Recovery Year – The calendar year prior to each CSA rate filing.
3. Savings Adjustment – The accumulated conservation gas savings reported in the Company's Annual Conservation Reports that is not reflected in the test year loads used to determine gas service rates in effect during the Recovery Year. The Savings Adjustment will be tracked separately, by month, for each rate group listed in Section 5.
4. Fixed Cost Rate ("FCR") – Is a rate per therm calculated for each rate group listed in Section 5 that is used to calculate the UFCA. The FCR is equal to the applicable proforma test year margin revenue for base rates in effect during each month of the Recovery Year, less any associated basic and minimum charge revenue, divided by the corresponding proforma test year gas sales.
5. Unrecovered Fixed Cost Amount ("UFCA") – The Savings Adjustment for each rate group multiplied by the associated FCR for each month, summed across the months within the Recovery Year.

Section 4: Rate Calculations

1. No greater than seventy-five (75) percent of the UFCA for each Recovery Year will be recovered in the first CSA rate year following the Recovery Year, which begins May 1 of each year, subject to true-up in subsequent CSA filings.

Original Sheet No. 1139-A

PUGET SOUND ENERGY  
NATURAL GAS SUPPLEMENTAL SCHEDULE NO. 139  
Gas Conservation Savings Adjustment Rate  
(Continued)

(N)

2. The remaining UFCA for a given Recovery Year will be recovered in CSA rates no sooner than the second CSA rate year following the Recovery Year, subject to:
  - a. verification and possible modification by a third-party evaluator of the conservation savings used to determine the applicable Savings Adjustment;
  - b. the limitation that the UFCA recovered for the given Recovery Year does not result in the Company's actual rate of return, as derived from the Company's audited year-end financial statements, exceeding its authorized rate of return in the Recovery Year; and
  - c. a true-up in subsequent CSA filings.
3. CSA rates for each rate group will be determined by dividing the applicable UFCA by the projected sales for the associated rate group in the CSA rate year.
4. The UFCA in the 2011 Recovery Year will be calculated using the Savings Adjustment resulting from the conservation savings reported in the Company's 2010 Annual Conservation Report and the conservation savings projected for calendar year 2011 in the Company's 2011 Annual Conservation Plan ("ACP"). The non-residential conservation savings estimated in the ACP for calendar year 2011 will be allocated between the non-residential rate groups based upon their relative proportion of reported conservation savings in 2010. These estimates will be trueed-up to actual results in a subsequent CSA filing.
5. New CSA rates shall be filed no later than March 1 of each year.

Section 5: Rates

Schedules 23 and 53	0.161 ¢ per therm
Schedules 31 and 41	0.182 ¢ per therm
Schedules 85, 86 and 87	0.120 ¢ per therm

Section 6: Adjustments

Rates in this schedule or amounts charged under this schedule are subject to adjustment by such other schedules in this tariff as they may be added or modified from time to time.

Section 7: General Rules and Regulations

Service under this schedule is subject to the rules and regulations contained in Company's tariff.
