Dear Mr. Rankin:

RE: 2011 Review of Snake River Terminal's DOT Operations and Maintenance Manual

Thank you for your response letter dated January 12, 2012, addressing the findings of our 2011 review of *Tidewater Terminal Company's DOT Operations and Maintenance Manual* (Manual).

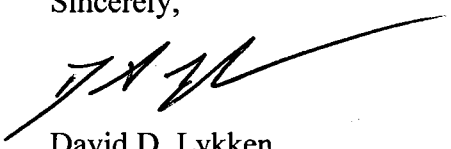

Staff accepts Tidewater's proposals to bring these items into compliance and commitment to complete all revisions by March 1, 2012. Docket number PL-111555 will be closed as of the date of this letter:

Upon completion, please provide us a copy of both the revised Manual and Tidewater's *Operational Procedures and Policies Manual*.

Thank you for your prompt attention in bringing these deficiencies into full compliance. Your cooperation and assistance during this inspection is appreciated.

If you have any questions, please contact Dennis Ritter at (360) 664-1159, and refer to docket number PL-111555 in any future correspondence regarding this inspection.

Sincerely,

David D. Lykken
Pipeline Safety Director
