

Date: 8/7/2012

\_\_\_\_\_ is purchasing a local \_\_\_\_\_ This location and +12 locations as \_\_\_\_\_ are being consolidated into one call center and one call manager type of service. We at \_\_\_\_\_ want to start over with all new numbers for these \_\_\_\_\_ employees within the regional system.

We are requesting 4000 new numbers for this purpose, and will return about 2,500 numbers back to the system in the Auburn rate center later in 2013. Specifically we are requesting \_\_\_\_\_ and cannot take any numbers starting with 0, 1 or 9. We need the numbers by 10/1/2012, but understand that the process may take longer to secure this range.

Thank you for your consideration.
