RE: Washington Utilities and Transportation Commission v. Genie Service Company, Inc., d/b/a Genie Tours

Commission Staff's Response to Application for Mitigation of Penalties

Docket TE-130200

Dear Mr. King:

On March 4, 2013, the Washington Utilities and Transportation Commission issued a \$100 Penalty Assessment in Docket TE-130200 against Genie Service Company, Inc., d/b/a Genie Tours (Genie) for four violations of WAC 480-30-071, which requires Charter and Excursion companies to file annual safety reports with the Commission by December 31 each year; and WAC 480-30-076, which requires such companies to pay regulatory fees annually on that date. <sup>1</sup>

On March 11, 2013, Genie responded to the commission, requesting mitigation of the penalty. In its Mitigation Request, Genie disputes that the violations occurred. The company states, "Please note attached report & check was submitted in December." <sup>2</sup>

It is the company's responsibility to ensure that the regulatory fee is paid and the annual report is filed by the December 31 deadline. On November 15, 2012, the commission mailed 2012 Annual Safety Report forms and 2013 Regulatory Fee packets to Charter and Excursion companies registered in Washington state. A letter from the commission's Assistant Director for Transportation Safety, David Pratt, instructed these companies to file annual reports and pay regulatory fees by December 31, 2012. The letter stated failure to file the annual report by December 31 would result in a penalty and possible cancellation of the company's permit to operate in Washington. Those companies wishing to request an extension to file the annual report were asked to do so prior to December 31, providing a reason for the requested extension.

<sup>1</sup> See Attachment A for a copy of the penalty assessment sent to Genie Service Company, Inc.

<sup>2</sup> See Attachment B for a copy of the request for mitigation submitted on March 11, 2013.

UTC Annual Reports March 20, 2013 Page 2

No extension was requested.<sup>3</sup>

On January 7, 2013, the commission issued a notice to companies that had not yet filed their annual report and paid regulatory fees, informing these companies that they were subject to enforcement action, including the assessment of penalties beginning to accrue on that date. Companies that filed their annual reports and paid regulatory fees after January 7, 2013, but on or before January 18, 2013, are subject to penalties that the commission uses its discretion to mitigate to \$25 per day if the company had not made these filings late in prior years. Companies that were late in prior years are subject to an additional \$25 per day for each year in which they were late up to a total of \$100 per day. For first time late-filers who filed their report after January 18, the commission will mitigate the penalties to 50 percent of the maximum permissible amount. No further mitigation will be granted unless the company provides new information that is unrelated to these factors. Mitigation will not be granted on the basis that a company was unaware a report must be filed.<sup>4</sup>

Commission staff investigated the claims of Genie and found that the commission received Genie's annual safety report on January 14, 2013. The envelope was postmarked January 11, 2013. The commission assessed an automatic late fee of two percent of the \$200 regulatory fee or \$4, per WAC 480-30-076(4). Commission staff records reflect payment of \$204 on January 14, 2013.

January 11, 2013, is four business days past the January 7, 2013, notice date when penalties began to accrue, resulting in a potential penalty assessment of \$400 (\$100 per day times four days). Genie is a first time late-filer and, therefore, received a mitigated penalty of \$25 per day for four days for a total penalty assessment of \$100.

Staff does not support mitigating the \$100 penalty assessment further. The penalty was already administratively mitigated by 75 percent, from \$400 to \$100 and commission records show the annual safety report was delinquent and the regulatory fees were not paid timely. Staff recommends denying the mitigation request.

If you have questions regarding this recommendation, please contact Mathew Perkinson, Compliance Investigator, at (360) 664-1105, or at mperkinson@utc.wa.gov.

Sincerely,

Sharon Wallace, Assistant Director

Consumer Protection and Communications

NOTICE OF PENALTIES INCURRED AND DUE FOR VIOLATIONS OF LAWS AND RULES

> PENALTY ASSESSMENT: TE-130200 PENALTY AMOUNT: \$100

ALICE CARTER
GENIE SERVICE COMPANY, INC.
1846 TERMINAL DRIVE SUITE 101
RICHLAND, WA 99352

According to the Washington Utilities and Transportation Commission (Commission) records, you have committed violations of two Commission rules: (1) Washington Administrative Code (WAC) 480-30-071, which requires Charter and Excursion companies to file annual safety reports with the Commission by December 31 each year; and (2) WAC 480-30-076, which requires such companies to pay regulatory fees annually on that date. You are classified as a Charter and Excursion company. Commission records show that you did not file an annual safety report or pay annual regulatory fees by December 31, 2012.

Revised Code of Washington (RCW) \$1.04.405 authorizes the Commission to assess penalties of \$100 for violations of Commission rules. Each and every such violation shall be a separate and distinct offense and, in the case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. The Commission interprets noncompliance with WAC 4\$0-30-071 and WAC 4\$0-30-076 as continuing violations, giving rise to penalties of \$100 for each day a company fails to make each requisite filling after the date on which it was due.

As a result, the Commission hereby notifies you that it has assessed penalties against you in the amount of \$100 on the following basis:

On November 15, 2012, the Commission mailed 2012 Annual Safety Report forms and 2013 Regulatory Fee packets to Charter and Excursion companies registered in Washington state. A letter from the Commission's Assistant Director for Transportation Safety, David Pratt, instructed these companies to file annual reports and pay regulatory fees by December 31, 2012. The letter stated failure to file the annual report by December 31 would result in a penalty and possible cancellation of the company's permit to operate in Washington. Those companies wishing to request an extension to file the annual report were a sked to do so prior to December 31, providing a reason for the requested extension. No extension was requested.

On January 7, 2013, the Commission issued a notice to companies that hadnot yet filed their annual report and paid regulatory fees, informing these companies that they were subject to enforcement action, including the assessment of penalties beginning to accrue on that date. Companies that filed their annual reports and paid regulatory fees after January 7, 2013, but on or before January 18, 2013, are

subject to penalties that the Commission uses its discretion to mitigate to \$25 per day if the company had not made these filings late in prior years. Companies that were late in prior years are subject to an additional \$25 per day for each year in which they were late up to a total of \$100 per day. For first time late-filers who filed their report after January 18, the Commission will mitigate the penalties to 50 percent of the maximum permissible amount. No further mitigation will be granted unless the company provides new information that is unrelated to these factors. Mitigation will not be granted on the basis that a company was unaware a report must be filed.

Genie Service Company, Inc., filed its 2012 Annual Safety Report and paid its 2013 Regulatory Fee on January 11, 2013. That date is four business days past the January 7, 2013, notice date when penalties began to accrue, resulting in a potential penalty assessment of \$400 (\$100 per day times four days). Genie Service Company, Inc., is a first time late-filer and, therefore, is subject to a mitigated penalty of \$25 per day for four days for a total penalty assessment of \$100.

Your penalty is due and payable now. If you believe the violation did not occur, you may request a hearing to contest the penalty assessment. If there is a reason for the violation that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of this penalty. See RCW 81.04.405.

You have the right to present your request for review or mitigation at a hearing, but you are not required to do so. If you do, the Commission will review the evidence supporting your request in an informal hearing, called a Brief Adjudicative Proceeding, before an administrative law judge. The administrative law judge will consider your plea and notify you of his or her decision.

# You must act within 15 days after receiving this notice to do one of the following:

- Pay the amount due;
- · Request a hearing to contest the occurrence of the violations; or
- Request mitigation to contest the amount of the penalty.

Please indicate your selection on the enclosed form and send it to the Washington Utilities and Transportation Commission, Post Office Box 47250, Olympia, Washington 98504-7250, within FIFTEEN (15) days after you receive this notice.

If you do not act within 15 days, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission will then sue you to collect the penalty.

DATED at Olympia, Washington, and effective March 4, 2013.

Administrative Law Judge
