Dear Mr. King:

This letter will constitute the statement required by WAC 480-120-198(1) concerning the provision of customer notice. The advice letter filed for in each of the above referenced tariffs indicated that the customer notice had been mailed or otherwise provided to the customers on or before the date of the tariff filing. A copy of the customer notice was included with the advice letter.

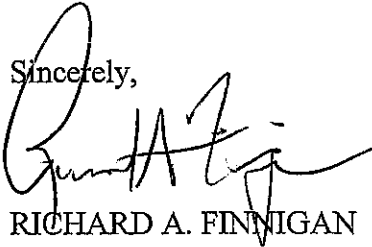

In addition to a customer notice being provided to the customers, the tariff changes were posted in each of the company's respective business office(s).

Each of the affected customer classes are indicated in the respective filings. Where no business rates were listed, the company's residential customers are affected by the filing. Where business rates were involved, both residential and business customers were by the filing.

As noted, a copy of the respective notices has been previously provided to the Commission.
