**RE: Special Fuel Surcharge – Rejection
Docket TC-131248**

Dear Mr. Johnson:

On July 1, 2013, Wickkiser International Companies, Inc. (Company), filed with the Washington Utilities and Transportation Commission (Commission) Special Fuel Surcharge Supplement No. 117 to Tariff No. 9. The Company requests the Commission approve the filing to become effective July 3, 2013, on less than statutory notice.

I must deny your request because the Company did not allow the proper time for processing of a fuel surcharge filing, as required by Order 02 in Docket No. A-042090, paragraph A(1)(b): “The requested effective date is at least three business days after the date the request is filed.” However, rather than reject the filing in its entirety, the commission will deem the filing to request and effective date of July 4, 2013.

If you have any questions regarding this letter, please contact Mike Young at myoung@utc.wa.gov or (360) 664-1155.

Sincerely,

A handwritten signature in black ink, appearing to read "S. V. King".
