Re: General Rate Increase, G-101

Dear Executive Secretary:

Attached is Tariff No. 16 to be effective June 1, 2014, which cancels Tariff No. 15, for Waste Control, Inc. ("WCI").

The tariff includes rates for unincorporated areas in portions of the counties of Cowlitz, Clark and Skamania. The portion of Skamania is solely for the inclusion of the Mt. Saint Helens area.

Waste Control Inc.'s last general rate increase was effective February 1, 2010. Over the last 4 and one-half years many cost increases have occurred. The most significant of which is the increase in landfill costs in Cowlitz County. The Cowlitz County Commissioners decided to increase the fees for dumping in the Cowlitz County Transfer Station by 31%. It is, therefore, necessary to increase rates to our customers to cover our ever increasing cost of providing service.

The Lurito-Gallagher formula provides an available increase in revenues of approximately \$543,000. The enclosed price out analysis shows revenue generation projected for the rates requested to be nearly \$532,000. This represents an overall increase in revenues, without pass-through revenues, of 15.4%.

As required by Commission rules, a copy of this transmittal letter will be mailed to the County Councils and to the Mayors of all cities impacted by this filing. We will be mailing notices to all affected customers on or before April 30, 2014. We will file a copy of the customer notices with your office at the same time.

My authority to file on behalf of Waste Control, Inc. is on file with the Commission.

The Company provided affiliate financial statements on October 15, 2013 for the affiliated entities as of and for the year-ended June 30, 2013. These were accepted by the WUTC under confirmation identification number 8949 for TG-131794. The financial information is unchanged. The Waste Control Companies are owned by the same individuals, but not by any parent entity. Waste Control, Inc. is not required to file an annual Affiliated Interest Report due to its size.

The following is a list of items changing in this filing:
