RE: Docket No. UE-152391
Petition Concerning the Accounting and Ratemaking Treatment
for Extraordinary Storm Costs

Dear Mr. King,

On December 18, 2015, Avista filed with the Commission its Petition Concerning the Accounting and Ratemaking Treatment for Extraordinary Storm Costs. Through that Petition Avista requested that the Commission open a docket, and as explained in more detail in the Petition, Avista originally planned to provide a more detailed report and proposal for accounting and ratemaking treatment associated with the windstorm costs, on or before February 17, 2016.

Avista, however, is still preparing its report and proposal, and will furnish this to the Commission and parties on or before March 24, 2016. This is also the date scheduled for a special presentation and briefing by Avista (Docket No. UE-160056), concerning the November 2015 windstorm event.

Please direct any questions regarding this filing to Linda Gervais at (509) 495-4975.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Meyer", is positioned above the typed name of David J. Meyer.
