The plan is required by RCW 19.285.040, and WAC 480-109-120. WAC 480-109-120(5) provides that Commission Staff and all interested persons may comment on a utility's ten-year achievable conservation potential or its biennial conservation target within thirty days of the utility's filing.

The Commission will make available all comments provided in electronic form on the Commission's web site at <http://www.utc.wa.gov>. Documents will be posted within twenty-four hours of receipt.

The Commission will consider Pacific Power's report at its recessed open meeting to be held on **Thursday, December 20, 2017**. Interested persons may present oral comments at that open meeting, which is scheduled to start at 1:30 p.m. The meeting will be held at the Commission's headquarters, Room 206, Richard Hemstad Building, 1300 S. The Commission will consider all comments and determine whether additional scrutiny is warranted. The Commission also may establish an adjudicative proceeding or other process to fully consider appropriate revisions. Upon conclusion of its review, the Commission will approve, approve with conditions, or reject Pacific Power's ten-year achievable conservation potential and biennial conservation target.
