Dear Mr. Johnson,

Enclosed pursuant to RCW 80.28.190, please find an application to amend Puget Sound Energy’s (PSE) Certificate of Public Convenience and Necessity. The associated \$25 application fee has been made to the Washington Utilities and Transportation Commission through its web portal, a receipt for which is enclosed.

With this application, PSE is requesting to add to its certificated area a designated portion of King County that is contiguous to presently certificated areas. In the course of updating maps of PSE facilities, we discovered that some facilities had been inadvertently constructed pursuant to customer requests outside the borders of PSE’s existing certificated territory. The proposed amendment to PSE’s certificate would resolve that situation. Provided herewith are maps of both PSE’s current certificated area and the proposed area. This area is comprised of three contiguous sections which would amend the boundary of Appendix 9.

Please contact Julie Waltari at (425) 456-2945 for additional information about this filing. If you have any other questions, please contact me at (425) 456-2142.

Sincerely,

*/s/ Jon Piliaris*
