Comments

- We support these first steps by PSE to help electrify our transportation system and reduce carbon emissions;
- These programs are important first steps and limited in scope. We hope to see additional and larger programs from PSE in the near future;
- We value PSE's partnership and contribution in electric transportation. By installing charging infrastructure, PSE is supporting us in our efforts to reduce carbon.
- We believe PSE is a good partner for us over the long-term in this endeavor;
- We ask the UTC to approve these programs quickly; and
- We are ready to partner with and support these pilot programs from PSE and to plan electric transportation systems with PSE.
