Subject: PS/ALI Issue (Docket No UT-190262)

Rebecca,

With respect to the issue of CenturyLink no longer providing PS/ALI service, we do not believe that 30 days is enough time to adequately transition our system to a new provider. We need to research this change, determine the impact it could have on our system, vet new providers and contract with one. I strongly believe that extended time will be needed to ensure transition of services. Unless there are drastic changes, 90 to 120 days would be the minimum and even that will be quite challenging.

Thank you,

Mike
