Hi Michael ~

This is the best news! Thank you so much for taking the time to talk to Kathy!
Yes, we would like to withdraw the application for Solid Waste hauling and receive a refund that we paid for the process.

Thank you so much!

Good morning Lori, it sounds like we should have chatted a while ago. I spoke to Kathy, and she agrees that what you are doing does, in no way, constitute Solid Waste hauling. I think we all jumped the gun on the application process. The good news is, that if you respond to this email requesting that we withdraw the application, I will get it closed out, you refunded, and you can carry on doing what you're doing. I think you're already on top of it, but just keep doing everything within your power to ensure that no actual solid waste ends up in your bins, and we should be all good.

Let me know if you have any questions.

Mike

Sorry, I was out of the office yesterday, you can give me a call at 360-664-1223. I was out of the office Monday and Tuesday, so if you can wait until tomorrow, that would be awesome, if not, that's not a problem either, just trying to catch up on stuff.

Hi Lori. We recently had another applicant who was planning to do essentially the same service that you are proposing, they since withdrew their application, but they did provide a Tariff. I've attached a copy. It's not perfect, but it's probably a good start. Let me know if this is helpful, if not, we can figure something else out. (and please don't hand write it like they did)

Hi Michael ~

Following-up on the paperwork you sent me. I had read through all the pages and I didn't see the specific items for drop box that you mentioned would apply to our business. Would you mind telling me what pages those would be on? I would like to get this issue resolved.

I look forward to hearing back from you!

All the best!

Hi Lori, most of it will not apply to you at all. There are specific items in there for drop boxes you'll see when you read through the whole thing. If you need more specific help when you get back let me know.

Hi Michael ~

At NW Dropbox we are not collecting solid waste, though I haven't had a chance to read through the whole document you sent, but wondering if all, some or none of it applies to us, since our purpose of business is recyclable construction materials, yard debris, concrete, separated wood and roofing materials. Please advise.

I have contacted our insurance company already to send you that portion you requested and they are working on sending you what you need.

I am leaving tomorrow out of the country on business until the 28th, so you know there will be a delay in my email response.
