UTIL. AND TRANSP.
COMMISSION

In Docket TR-190617, the Commission approved modifications at a railroad crossing by Order 01, effective July 29, 2109. The Order, in §13(3) states:

Upon completion of the modifications authorized herein, WSDOT must notify the Commission within 60 days. Acceptance of the changes is subject to inspection by Staff, verifying that the crossing is in full compliance with applicable laws, regulations, and the conditions specified herein.

WSDOT did not inform the Commission of completion of the project. However, a review of Commission records shows that Rail Safety staff inspected the crossing on April 6, 2020. Records and photographs confirm modifications of the crossing are complete and in compliance with Order 01 in TR-190617.

This matter is now closed.
