**Re: Docket UG-200018 (Advice No. 2020-01)
PSE’s Natural Gas Tariff Filing – Do Not Redocket**

Dear Mr. Johnson:

Puget Sound Energy (“PSE”) submits in connection with Docket No. UG-200018 the following tariff sheet to replace the tariff sheet that accompanied PSE’s January 8, 2020 filing which was submitted under PSE’s Advice No. 2020-01. This filing includes the following portion of the Company’s WN-U2 tariff for natural gas service.

1st Revision of Sheet No. 1137-A, Natural Gas Supplemental Schedule 137, Carbon Offset Service (continued)

The purpose of this substitute filing is to remove pilot-specific language no longer applicable now that the Carbon Offset Service will no longer be operating as a pilot program. At Commission Staff’s suggestion, PSE is removing verbiage from the Special Conditions of Service Section of Schedule 137 which states that the Company makes no guarantee of any kind that this program will result in the development of any amount of greenhouse gas emission mitigation.

The tariff sheet described herein reflects the original issue date of January 8, 2020, and effective date of February 29, 2020. Posting of proposed tariff changes, as required by law and the Commission’s rules and regulations, is being made by posting the proposed tariff sheets and attachments on the PSE web site in accordance with WAC 480-90-193. This tariff change does not increase recurring charges nor restrict access to this service.

Please contact Veronica Martin at veronica.martin@pse.com or (425) 457-5624 for additional information about this filing. If you have any other questions please contact me at (425) 456-2142.
