

Memorandum

March 27, 2024

To: File

From: Mike Turcott, Transportation Planning Specialist

Subject: TR-200836 – Washington State Department of Transportation
Completion of Grade Crossing Signal Modification Project
SR-97, Oroville – USDOT 096383V

On Oct. 20, 2020, the Washington Utilities and Transportation Commission (UTC) issued Order 01 in docket TR-200836, approving a petition filed by the Washington State Department of Transportation to modify the active warning devices at the highway-rail grade crossing on SR-97 near Oroville, identified as USDOT 096383V.

On March 26, 2024, UTC staff inspected the SR-97 crossing and determined that all modifications to the active warning devices specified in Order 01 had been completed and that the warning devices are operating as intended.
