LOW INCOME PROGRAM (Continued)**

CRISIS AFFECTED CUSTOMER ASSISTANCE PROGRAM (“CACAP”) SECTION

CACAP AVAILABILITY/APPLICABILITY: Beginning April 12, 2021, the benefits available under this separate section of Schedule 129 are available to residential Customers of the Company meeting the criteria described herein on a first-come, first-served basis. This separate CACAP is available to address the economic impact of the COVID-19 pandemic and is consistent with Order 01 of Docket U-200281. (C)

CACAP BENEFITS: Benefits under the CACAP are available through the Company and the Company will ascertain whether specific Customers seeking assistance with their electric bills are eligible for assistance under the CACAP. (C)

The total benefits of the CACAP available are capped at \$27,700,000. The amount directly related to electric customers is \$20,000,000 and efforts will be made to prioritize the electric funding of \$20,000,000 to provide benefits to electric customers. However, funds may also be used for natural gas customers should it be determined appropriate by the Company to do so. All benefits will be available until funds are fully distributed. (C)

Total combined CACAP benefits to an individual eligible CACAP qualifying Customer under the CACAP for both this schedule and under the Company’s natural gas Schedule 129 are limited to a maximum of \$2,500 per Customer per program year. A qualifying Customer may receive assistance under the CACAP more than once during a program year, until the maximum benefit of \$2,500 has been awarded. The Company will determine the CACAP benefit amount per Customer based on the eligibility criteria detailed in the CACAP Eligibility Criteria section of this tariff. (C)

CACAP FUNDING: Cost recovery of the deferral of costs to fund this CACAP program will be addressed in either the next Schedule 129 filing or in the next general rate case. (C)

RESPONSIBILITY FOR APPLICATION FOR BENEFITS: It is the responsibility of the Customer to complete the application for benefits under the CACAP and to provide any and all requested documentation in order for the Company to determine their eligibility. The Company shall not be held responsible to notify any individual Customer who may potentially qualify to receive benefits under the CACAP. (N)
