RE: Commission Staff's Letter Confirming Compliance  
DG-210685, Mt Baker Remodeling LLC – Investigation #8379

Dear Ms. Maxwell

Commission staff (staff) has reviewed the compliance order for Mt. Baker Remodeling, LLC (Mt. Baker or Company) dated October 4, 2021. Compliance with the order required the following:

The Company to pay a \$200 portion of the penalty \$1,000 penalty amount, suspend and ultimately waive the remaining \$800 portion of the penalty.

The Company supervisors and applicable field staff attend NUCA Dig Safe online training and;

The Company incurs no other dig law violations within 12 months.

On November 16, 2021, Mt. Baker notified the Commission of its acceptance of the conditions and made a \$200 payment. On October 12, 2022, the Company submitted verification of completion of training. The Company has not incurred any additional violations of the dig law since the penalty assessment.

Staff believes Mt. Baker has complied with the Commission's order, and further compliance under this order is no longer necessary. Staff recommends the Commission waive the suspended \$800 penalty amount and close the docket.

Sincerely,

Scott Rukke  
Chief Engineer Pipeline Safety
