RE: Cascade Natural Gas Corporation 2023 Integrated Resource Plan Amendment

Dear Mr. Johnson:

Enclosed for filing is an amendment to Cascade Natural Gas Corporation's Work Plan for its 2023 Integrated Resource Plan (IRP or Plan). Due to the need to finalize a few details and chapters in the IRP draft, Cascade is requesting the IRP filing date to be moved from November 23, 2022, to November 30, 2022. Cascade would also move the date the Company is requesting comments due back from January 13, 2023, to January 20, 2023. This extension will allow Cascade to finalize the draft IRP and give internal leadership an opportunity to review the final chapters prior to the draft being filed. Cascade does not anticipate this will impact the final IRP filing deadline of February 24, 2023.

If there are any questions regarding this matter, please contact me at (509) 734-4546 or Mark Sellers-Vaughn at (509) 734-4589. Alternatively, we may be reached at brian.robertson@cngc.com, mark.sellers-vaughn@cngc.com, or at IRP@cngc.com.

Sincerely,
CASCADE NATURAL GAS CORPORATION

Brian Robertson
Supervisor, Resource Planning

Purpose of the Integrated Resource Plan

The primary purpose of Cascade's long-term resource planning process has been, and continues to be, to inform and guide the Company's resource acquisition processes, consistent with the rule (WAC 480-90-238). Input and feedback from the Company's Technical Advisory Group (TAG) will continue to be an important resource to help ensure Cascade's IRP is developed from a broader perspective than Cascade could have on its own.

Additional planning information will be assimilated into the analytical process and planning information that is not incorporated into the modeling process will continue to be assessed.
