**RE: Republic Services and Snohomish County Revenue Sharing Plan**

Dear Mr. Johnson:

The purpose of this letter is to provide Snohomish County's determinations regarding the revenue sharing compliance with RCW 81.77.185 by Republic Services of Lynnwood (Republic Services). This letter reports the County's findings regarding Republic Services' performance under Part A of the current revenue sharing plan from August 1, 2021, to April 30, 2022. The plan referenced herein apply to Republic Services' G-12 certificated territory within Snohomish County.

**August 1, 2021, to April 30, 2022**

Republic has done a good job implementing the high-quality tasks described in the plans. We are satisfied with their efforts. The agreed upon tasks have been implemented according to the Plan with mutually agreed upon adjustments to the plan due to the continued increases in commodity pricing. The County anticipates that adjustments will continue to be made during Part B of the Plan.

The company has shown that there was an increase in the diversion rate comparing the period May 1, 2020 – April 30, 2021, to the period May 1, 2021, to April 30, 2022, as well as sufficient reporting on Task 3 and Task 4 and therefore meets eligibility criteria for the 5% incentive. Additionally, the request for revenues to be rolled over from year one to year two is approved.

Thank you for the opportunity to offer our comments and support for the recycling plans developed by Republic Services and Snohomish County.
