Re: Tariff WN U-28, Electric Service
Residential and Small Farm Energy Rate Adjustment Credit

DO NOT REDOCKET
Docket No. UE-220671

Dear Ms. Maxwell:

Attached for electronic filing with the Commission is the following substitute tariff sheet proposed to be effective November 15, 2022:

Substitute Twentieth Revision Sheet 59 Canceling Nineteenth Revision Sheet 59

On September 2, 2022 Avista filed an electric rate adjustment to increase the rebate related to Residential Exchange Program benefits the Company receives from the Bonneville Power Administration. On this same day Avista also filed an electric rate adjustment related to its proposed Wildfire Expense Balancing Mechanism (Docket No. UE-220669) with the same effective date of November 1, 2022. Based on discussions with Commission Staff and other Parties the Company has requested to extend the Wildfire filing effective date to November 15, 2022. In order to minimize the number of rate changes customers will experience, the Company respectfully requests that the Residential Exchange filing also be extended to an effective date of November 15, 2022.

Please direct any questions regarding this filing to Joe Miller at (509) 495-4546.

Sincerely,

/s/ Patrick Ehrbar
