**Re: Replacement Page for UG-220693 - Schedule 215: Adjustment to Rates for Energy Efficiency Service and Programs  
DO NOT REDOCKET**

On September 14, 2022, Northwest Natural Gas Company dba NW Natural (NW Natural or Company) filed Advice No. 22-05, docketed as UG-220693, to reflect adjustments to rates for the effects of applying temporary rate adjustments to forecast and amortize balances for the collection of 2021-22 and 2020-21 program year costs under Schedule G “Energy Efficiency Services and Programs – Residential and Commercial,” respectively. After the Company made this filing, an error was found in the tariff page Sheet 215-1 margin coding. This filing corrects the margin coding.

**Purpose**

The purpose of this filing is to provide a replacement page for Schedule 215. NW Natural inadvertently provided the incorrect margin coding for Sheet 215-1 when filed on September 14, 2022. The enclosed Sheet 215-1 replaces that from the September 14 filing to correct the error.

**Proposed Changes**

The following verbiage was removed from the tariff but not margin coded correctly as “(D)” for discontinued rate, service, regulation or condition.

“In accordance with Order 06 in Docket UG-200994, half of the Schedule G Historical balance amortization approved in Order 06 in Docket UG-181053 will be suspended for two years beginning November 1, 2021, and a one-year amortization of Conservation potential Assessment (CPA) costs labeled CPA Amortization will begin on November 1, 2021.”

The enclosed replacement Sheet 215-1 contains the correct margin codes.

**Conclusion**

The Company respectfully requests that the replacement tariff sheets filed herewith be approved to become effective with service on and after November 1, 2022.

As required by WAC 480-80-103(4)(a), I certify that I have authority to issue tariff revisions on behalf of NW Natural.
