

IMPORTANT NOTICE FOR PUGET SOUND ENERGY CUSTOMERS ABOUT CHANGES IN ELECTRIC AND NATURAL GAS RATES

Puget Sound Energy (PSE) recently filed requests with the state Utilities and Transportation Commission (UTC) to adjust electric and natural gas rates. The requested changes, effective on May 1, 2024, include:

- **Conservation Program Charge:** An overall increase in electric rates of 0.73% and an overall increase in natural gas rates of 0.68% to offset the costs of investments made in energy efficiency programs that are made available to customers.
- **Property Tax Adjustment:** An overall decrease in electric rates of 0.66% and an overall decrease in natural gas rates of 0.54% to pass through costs of PSE's property tax charges.
- **Revenue Decoupling Adjustment:** An overall decrease in electric rates of 0.34% and an overall increase in natural gas rates of 2.74% under the decoupling mechanism previously approved by the UTC, which allows PSE to periodically adjust rates based on differences between actual and allowed revenue from the past year.
- **Participatory Funding Grant Rate Adjustment:** An overall increase in electric rates of 0.01% and an overall increase in natural gas rates of 0.01% to collect the costs PSE incurs associated with the Washington Participatory Funding Agreement as provided for in RCW 80.28.430(3).
- **Low Income Program:** An overall increase in electric rates of 2.67% and an overall increase in natural gas rates of 4.63% to increase the total benefits available for customers in the 2023-2024 program year. This increase will remain effective until PSE submits its annual filing to revise rates for the 2024-2025 program year.
