Dear Valued Commercial and Multi-Family Customer,

This is to notify you of a proposed rate change for commercial services in the Lynnwood Disposal areas of Snohomish County. Should the Washington Utilities and Transportation Commission (Commission) approve our request, some customers will experience an overall rate increase throughout all classes of service.

As you may know, it has been more than a year since our last general rate case. In that time Lynnwood Disposal has experienced increases in costs that are key to delivering our services, including labor, fuel, and maintenance costs. **If approved, the proposed rates will become effective July 1, 2024.**
