Subject: Waste Management of Spokane, a division of Waste Management of Washington, Inc.(G-237);
Tariff #18

Dear Mr. Killip:

Enclosed, please find replacement tariff pages 2, 28, and 33 to the above-referenced tariff. These revised tariff pages include the addition of a new service as well as the correction of the disposal large charge at Spokane County Transfer Stations that was not updated with the January 2024 disposal increase. The new service is for 96-gallon bear resistant carts. We are seeing an increase in requests for these services across Washington and found it prudent to add to our Spokane County tariffed area. These tariff revisions should be replacement pages for previous revisions submitted under TG- 240396.

If you have any questions or need additional information, please contact me at (503) 956-8594.

Very truly yours,

Evan Burmester
