RE: XCast Labs, Inc.
Cancellation of Registration and Cessation of Service

Dear Mr. Killip:

This filing is a Request for Cancellation of Registration and Cessation of Service submitted on behalf of XCast Labs, Inc. ("The Company"). The Company is going out of business and has sold its customer base to another provider, named in the attached excerpt of their Agreement. Since the purchaser is buying the customer base, and is not increasing rates, this transaction will be undetectable to the end-users being transferred. The list of customers are nationwide, including the state of Washington.

Pursuant to WAC 480-07-160, The Company respectfully requests that this filing be confidential. A redacted version has also been submitted for the public. The Company takes measures to protect this information when it is made available to non-employees and employees alike, which is done only under limited circumstances. Specifically, making the knowledge contained in the attached excerpt of their agreement available to the public would allow a competitor access to otherwise unavailable information. A competing provider would not be able to gain this information from any publicly available sources. Therefore, The Company respectfully requests that the information contained within this filing be accorded confidential treatment and that the information contained herein only be disclosed to the appropriate reviewing staffs of the Commission. No customers were part of the excluded liabilities mentioned in the Agreement. We have also included a confidential Exhibit A that includes the Washington customers that were transferred.

Any questions you may have regarding this filing should be directed to my attention at 405-470-4649 or via email to mdean@inteserra.com.

Sincerely,

A handwritten signature in black ink that reads "Matt Dean".

Matt Dean
