Public Counsel Data Request 73

Re: Incentive Compensation.

Please provide a list of the top 20 largest annual incentive plan payments made in 2008 and 2009 along with the name and/or specific title of the employee to whom each was paid. Also, please identify the amount included in the test year in this case for those employees on total Company and Washington-only basis.

Response to Public Counsel Data Request 73

Please refer to Confidential Attachment PC 73 for the top 20 largest incentive plan award recipients for 2008 and 2009. The actual 2009 amount is included in the test period in this case.

These costs are combined with all other labor and benefit expenses before being allocated to jurisdictions. As a result, the costs included in the test year are not directly available on a Washington allocated basis. However, these costs can be calculated using the Washington allocation of total utility labor in the test year of approximately 6.725%, as shown in the attachment.

Confidential information is provided subject to the terms and conditions of the protective order in this proceeding.
