**Subject:** Re: Siltronic response to DEQ comments on the SOU RI Data Summary Report

Hi Wes,

Thanks for providing the July 14, 2023 Dioxin/Furan (D/F) Memorandum prepared by Maul Foster Alongi (MFA) on behalf of Siltronic. MFA's attempt to attribute D/F to Gasco MGP operations is completely unsupported. Attached, for your information and use, is our evaluation of the MFA memo including our assessment of D/F on the Siltronic property.

Please let me know if you have any questions.

Thank you!

-Rob

Rob and Halah,

I'm providing this as an FYI, since it includes an evaluation of whether MGP wastes/residuals might be a source of dioxins/furans. We have not reviewed the information in detail yet.

Wes

**Subject:** Siltronic response to DEQ comments on the SOU RI Data Summary Report

Good afternoon Blair,

Please find attached a letter providing requested responses to DEQ's June 1, 2023 comments (attached for reference) regarding the Siltronic SOU RI Data Summary Report, which was submitted to DEQ on March 31, 2023.

Siltronic looks forward to continued progress on the SOU RI report.

Thank you,  
-Mike
