Please provide the total number of Cascade's customers approved for low-income assistance annually from 2006 to 2017.

Revised Response:

The Company's response is herewith revised because the response initially submitted provided the number of instances bill pay assistance was granted in a year rather than the number of households receiving assistance in a year. The table below is corrected to show the number of households that received low income bill pay assistance through the Company's WEAF program, Low-Income Heating Assistance Program (LIHEAP) or Winter Help for stated year. The Company does not have this data prior to 2010 and 2010 is a partial year as this is when the Company transitioned to a new customer information data base system.

Low Income Bill Pay Assistance Program Recipients by Program Year	
2010	163
2011	2,598
2012	3,286
2013	2,992
2014	3,091
2015	3,188
2016	2,964
2017	2,880
