Q. PLEASE STATE YOUR NAME AND BUSINESS ADDRESS.

A. Donald W. Schoenbeck, 900 Washington Street, Suite 780, Vancouver, Washington

Q. PLEASE STATE YOUR OCCUPATION.

A. I am a consultant in the field of public utility regulation and I am a member of Regulatory

Q. PLEASE SUMMARIZE YOUR EDUCATIONAL BACKGROUND AND EXPERIENCE.

A. I have a Bachelor of Science Degree in Electrical Engineering from the University of
Kansas and a Master of Science Degree in Engineering Management from the University
of Missouri.

From June of 1972 until June of 1980, I was employed by Union Electric Company
in the Transmission and Distribution, Rates, and Corporate Planning functions. In the
Transmission and Distribution function, I had various areas of responsibility, including
load management, budget proposals and special studies. While in the Rates function, I
worked on rate design studies, filings and exhibits for several regulatory jurisdictions. In
Corporate Planning, I was responsible for the development and maintenance of computer
models used to simulate the Company’s financial and economic operations.

In June of 1980, I joined the consulting firm of Drazen-Brubaker & Associates,
Inc. Since that time, I have participated in the analysis of various utilities for power cost
forecasts, avoided cost pricing, contract negotiations for gas and electric services, siting

1 and licensing proceedings, and rate case purposes including revenue requirement
2 determination, class cost-of-service and rate design.

3 In April 1988, I formed RCS. RCS provides consulting services in the field of
4 public utility regulation to many clients, including large industrial and institutional
5 customers. We also assist in the negotiation of contracts for utility services for large
6 users. In general, we are engaged in regulatory consulting, rate work, feasibility,
7 economic and cost-of-service studies, design of rates for utility service and contract
8 negotiations.
