

PUGET SOUND ENERGY
Electric Tariff G

SCHEDULE 85
LINE EXTENSIONS

The Company will extend and construct new or modify existing electric distribution facilities upon written (or verbal, at the discretion of the Company) request based upon the terms and conditions outlined in this tariff. The Company will evaluate the request to identify any required Customer payments based upon the following formula.

	Primary Voltage Line Extension Costs (including Transformation Cost)		
+	Secondary Voltage Line Extension Costs		
+	Exceptional Transmission & Substation Costs		
-	New Customer Margin Allowance		
=	Customer Line Extension Cost		
+	Customer Secondary Service Line Costs		
=	Total Customer Cost		

(N)(D)

Definitions

Margin Allowance – The amount the Company will contribute toward construction costs applicable to a new Customer as described in this schedule.

Non-Residential – Service to commercial, industrial or lighting (excluding street lighting circuitry) Customers or to multi-family residential structures, mobile home parks, and recreational facilities.

Normal Construction Costs – Costs for construction consistent with PSE’s least cost, based upon application of standard design and construction practices.

Single-Family Residence - A Single-Family Residence is a structure that is located on a legal residential lot and is approved for occupancy as a permanent single family residence by the local governing agency or agencies. A mobile or manufactured home will be considered a Single-Family Residence if it meets the above requirements; is permanently located on a foundation; has had the axles and wheels removed; and meets all other requirements for a mobile home permit as required by the local governing agency or agencies.
