Re: Alderlake Water System, ID #26995H, Pierce County

Dear Ingrid:

On June 23, 2004 we met with the Alderlake Homeowner's representative to discuss construction schedule in the roadways for the above project. 50% of the community are summer seasonal users so it was agreed to start roadway piping after the 1st week of September.

Starting the second week of August we will install the chlorination house, apparatus plus clear the right of ways.

Completion and engineering certification is anticipated to be complete by the end of September 2004.

Should you have any questions, please call me at (206) 282-4200.

Sincerely,

David Dorland *SD*
