Description	<p>My name is Carol C. Gill and I reside at [REDACTED] Eastsound, Wa 98245. I have live at this address for 29 years and have paid rate increases all along. Every time a current owner wants to sell this resort they raise the water rates to, in my opinion, make it a more attractive purchase.</p> <p>I am on a fixed income and am 73 years old. I am not alone to be living on a retirement income, however, I am on Social Security and Washington State classified school employees retirement and have no other investment income. Constant rate increases especially of this very high percentage is impacting me adversely. When the current owners do sell the new owners will no doubt apply for another rate increase. It is a never ending cycle when owners want immediate profits rather than long term investment with lower immediate profits.</p> <p>I do not believe that a rate increase is needed and I do not believe that the 149,000.00 annual revenue would be applied to the water system. I also think that the base rate should include at least 1000 gallons usage as way back it did. A senior rate would also be helpful based on San Juan County's real estate tax help program.</p>

Thank you for considering my needs and those of my neighbors who may be as I am on a fixed income.

Carol C. Gill
