Avista / Contractor Training

As we did last year, Avista will complete our company / contractor Aldyl A Training as part of a Computer Based Training (CBT) Module. The training materials submitted to the WUTC in 2011 and used in 2011 have been transferred (without modification) to a Computer-Based Training (CBT) format and are being completed by Avista employees and contractors working in Washington. This CBT will be completed by the end of November 2013.

Should you have any additional questions regarding these training sessions, please feel free to contact me.

Respectfully yours,

Jody Morehouse, PE  
Manager, Pipeline Integrity and Compliance
