NOTICE OF VIRTUAL WORKSHOP

(Workshop scheduled for Monday, December 5, 2022, at 10:00 a.m.)

RE: Developing a Commission jurisdictional specific cost-effectiveness test for distributed energy resources incorporating CETA, Docket UE-210804

TO ALL INTERESTED PERSONS:

On November 8, 2021, the Washington Utilities and Transportation Commission (Commission) issued a Notice of Opportunity to File Written Comments in Docket UE-210804 soliciting feedback from interested persons on Commission staff's (Staff) investigation to determine whether additional guidance related to the cost-effectiveness of distributed energy resources (DERs) is necessary. Staff intends to develop a jurisdiction-specific test for DERs that incorporates the goals of the Clean Energy Transformation Act. Staff's investigation will follow the process and principles described in the [National Standard Practice Manual For Benefit-Cost Analysis of Distributed Energy Resources](#) (NSPM). The Commission has held four virtual workshops following the NSPM framework.

The Commission will convene a fifth two-hour virtual workshop Monday, December 5, 2022, at 10:00 a.m. to discuss accounting for equity as a complementary analysis to a cost-effectiveness test and how to ensure transparency in cost-effectiveness analysis.
