Re: Docket No. UE-111881
Q1 Update to Annual Conservation Plan Exhibit 4

Dear Mr. King,

Enclosed are an original and three copies of Puget Sound Energy, Inc.'s (the "Company" or "PSE") first quarter revisions of its 2013 Exhibit 4; Energy Efficiency List of Measures, Incentives and Eligibility ("Exhibit 4"), originally filed as a part of PSE's 2013 Annual Conservation Plan ("ACP") in Docket No. UE-111881 on November 29, 2012.

The revisions in the attached Exhibit 4 are consistent with CS/EE Measures section of the introductory chapter of the Company's 2013 ACP overview. This filing is also in keeping with Order 01 in Docket No. UE-111881 which indicates that Exhibit 4 will be updated quarterly at a minimum and filed with the Commission as revisions to the ACP. This filing is a revision to PSE's ACP. The attached revised Exhibit 4 (marked as the tenth version) replaces the Exhibit 4 filed on November 29, 2012 (marked as the ninth version).

There are revisions throughout the Exhibit 4 headers reflecting an updated "Energy Efficiency" logo and chapter headings. In addition to other formatting improvements, PSE also clarified eligibility and incentive amounts for several Residential Energy Management and Business Energy Management measures.

The Company provided advance copies of Exhibit 4 to the Conservation Resource Advisory Group (CRAG) on April 12, 2013. Those advance copies included draft and final versions, and a table¹ outlining all of the measure changes that were implemented from January 1 through March 31, 2013,

¹ "Measure revision summary table_Use for CRAG emails.xls". This Microsoft® Excel™ worksheet is cumulative throughout each year, and is sent to the CRAG concurrent with each Exhibit 4 update filing.

Mr. Steven V. King, Acting Executive Director and Secretary
