

**BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION**

**Docket Nos. UE-151871 UG-151872  
Puget Sound Energy's  
Electric and Natural Gas Equipment Lease Service**

**WUTC STAFF DATA REQUEST NO. 100**

**WUTC STAFF DATA REQUEST NO. 100:**

Referring to Exhibit No.\_\_(EEE-3T), 6:12-17, is PSE testifying that the ten different cost components listed under Key Model Assumptions in Attachment B to the Company's initial filing where not used to develop the proposed rates?

**Response:**

The testimony at Exhibit No.\_\_(EEE-3T), 6:12-17, is in response to Mr. Roberts' inaccurate statement in his testimony that there are "the ten different cost components that are included in Puget Sound Energy's ("PSE")s tariff," which he places in the context of "PSE's tariff language." The current tariff schedules on file with the Commission contain only one price for each type of service. Ten different cost components are not listed in the PSE tariff schedules, therefore, there are not ten different cost components within PSE tariff schedule language.
