OFFICE OF THE CLERK
SUPERIOR COURT
PORT ANGELES, WA

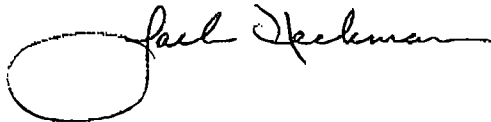

TO ALL PARTIES:

It was noted by Jonathan Thompson that there was a lack of evidence showing need for pickup locations at Discovery Bay, Edmonds, and Silverdale. The following ridership reports are provided for the time period January 2004 thru December 2004 for Discovery Bay and Edmonds. Letters of support are also attached. No figures are available for Silverdale, as this is not a location that we currently serve.

Between Port Angeles and Discovery Bay: 367 passengers

Between Port Angeles and Edmonds: 644 passengers

Sincerely,

Jack Heckman

Olympic Bus Lines

To Whom It May Concern:

We understand that routes between Discovery Bay and points East may be discontinued.

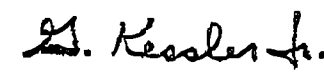

The trips you offer between Port Townsend, Edmonds and Seattle are the only source of transportation for many of our clients in need of services not available in Jefferson, Clallam or Kitsap Counties. Cancellation would create undue hardship for these clients, and in many cases mean they could not access services at all.

On behalf of the Jefferson County residents who rely on service from Discovery Bay, we ask that you reconsider termination of these routes.

Sincerely,

Kathy L. Shipman

I Believe curtailing service from Olympic Bus Lines at Edmonds does not serve the public interest Olympic provides faster service directly to Seattle than its competitors and at a reasonable price . In my case I frequently choose this route because I have a daughter that picks me up in Edmonds as I do not drive in the Seattle area. I strongly feel it would be a mistake to discontue this service. Please consider my request.

Subject: Service at Fat Smitty's

I believe curtailing service from Olympic Bus Lines at Hwy 101/20 Junction does not serve the public interest. Olympic provides faster service directly to Seattle than its competitors and at a reasonable price. In my case, as a cancer patient, I have frequently chosen this route for convenience. If anything, they might be pressed to reinstate some connecting service to Port Townsend. But even with the burden of family/friends connecting to Fat Smitty's, the service is preferred.
